```

Kegiatan!

1. Cobalah masing-masing kode (Code 1-3).
2. Capture hasil running masing-masing kode. Berikan penjelasan.
3. Analisis source code PHP (dapat berupa kegunaan dari masing-masing variable, function, dll).
4. Apa perbedaan GET dan POST? Buatlah dalam bentuk tabel.
5. Submit ke github dengan nama folder 08_Kelas_NIM (File dalam bentuk pdf atau docx).
